DESCRIPTION OF EXHIBITION: An invitational and juried public sculpture exhibit. The purpose of the exhibit is to promote PAI and the Village of Egg Harbor as a visual art destination through an exhibit of sculpture in various public Village spaces.

Artwork will be temporarily displayed in locations throughout the Village as selected by PAI in cooperation with the Village Board and various commercial businesses. Artwork will be selected by a jury process. There will be 8-10 sites for consideration.

Delivery will be the week of Memorial Day, May 27. De-installation and pickup will be the week of October 21. A \$200 stipend per artwork selected will be given to artist or gallery with half given upon delivery and the balance upon de-installation. Artwork will be insured by the Village of Egg Harbor while on display. Artwork can be listed for sale while on display. For individual artists the PAI will collect a 30% commission on the sale price for artwork sold during the exhibition. Galleries submitting artwork will agree to share a percentage of the commission with PAI. If the artist or gallery is to sell a work to a client who first viewed the artwork at the exhibition, this commission will be in effect and owed to PAI. Insurance forms and a sales agreement contract will be completed and signed for all exhibited artwork.

Advertisement of the event will include photography, brochures, posters, signage at each piece, map of artwork location, inclusion on PAI website and social media, and press releases.
